Introduction

The Youth Adventure Trust is committed to safeguarding and promoting the welfare of young people and requires all employees and volunteers to share this commitment. The suitability of all prospective employees or volunteers will be assessed during the recruitment process in line with this commitment to ensure that only suitable candidates are employed to work or volunteer with young people. Our Safer Recruitment procedures and practice help ensure the safety of the young people we work with, and our staff and volunteers.

As an organisation assessing applicants' suitability for positions which are included in the Rehabilitation of Offenders Act 1974 (Exceptions) Order this policy sets out our commitment to fully comply with the Disclosure and Barring Service (DBS) Code of Practice. Young people are encouraged to take ownership of their decisions, responsibility for their behaviour and demonstrate an increasing self-reliance. We aim to inspire young people, build their resilience and develop life skills to help them fulfil their potential and lead more positive lives in the future.
